

4th International Exhibition Boiler, Pump, Valves & Accessories

20 21 22 November- 2025

Venue: ICCB, Kuril, Dhaka, Bangladesh
www.boilerexpobd.com

About The Show:

Welcome to 3rd International Boiler Expo Bangladesh:

Boiler Expo Bangladesh 2024 is where you can connect with thousands of buyers from across the supply chain and end-user markets. The show offers a platform where you can meet the complete supply chain of the boiler industry. The event is an important platform to learn about the latest opportunities in the market, and the updated trends in the industry. This trade show will focus on the major developments in the industry and will bring together under one roof significant solutions and innovative technologies in the boiler sector. Boiler Expo Bangladesh 2024 is the only specialized International exhibition in the boiler sector of Bangladesh.

About Industry:

The majority of industries use boilers for process work or energy generation. Bangladesh is becoming more industrialized every day. Hence the growth of the boiler manufacturing sector is growing at an incredible rate.

Generally, boilers are used in all factories. Among them, power plants, fertilizer factories, sugar mills, textile mills, paper mills, feed mills, rice mills, Leather the pharmaceutical industry, and the clothing industry notable. More than thirty local boiler manufacturing companies are manufacturing almost 80% of small industrial boilers and 5% of medium-capacity horizontal fire tube boilers. From the 2007-2008 fiscal years to the 2018-2019 fiscal year totals of 1900+ boilers were manufactured in Bangladesh in supervision with office of the chief inspector of boilers. Bangladesh is shifting from an agricultural to an industrial sector, with an average annual industrial growth rate of 6.6% over the last decade. The industrial boiler market is expected to grow due to the fast growth of companies in Bangladesh and the growing need for high-quality, energy-efficient boilers. Furthermore, the Industrial Boiler market is expected to be driven by technological advancements and improved technologies used to minimize carbon emissions.

Exhibitors Profile:

Automation Control Equipment	Heat Exchange Equipment
Biomass Boiler	Heat Generating Equipment
Biomass Fuel	Heat Pump
Biomass Product and Technology	Industrial Boiler
Blower	Industrial Furnace
Boiler Burner	Metalworking Equipment
Boiler Chemical and Material	Pipe and Tube
Boiler Part, Component, and Accessory	Power Generating Equipment
Boiler Plate & Tube	Pump & Valve
Boiler Service Company	Safety Device
Boiler Water Treatment Equipment	Steam Boiler
Cleaning Equipment, Supply and Technology	Solar Energy Heating Equipment
Commercial Boiler	Thermal System Control Equipment
Diagnostic Software	Welding Equipment
Drying Equipment	
Electric Boiler	
Emission Reduction Technology & Solution	
Energy Saver	
Energy Saving & Emission Reduction Technology	
Fabrication	
Fan	

Exhibitor Benefits:

- Have cost-effect access to over global top brands
- Exhibit your latest products, next-gen technology, innovative products, and solutions to over 8,000+ enthused audiences.
- Launch new products or services with the entire fabrication community under one roof, it will help to gauge instant market reactions and feedback on the latest products.
- Can engage directly with a large gathering of industry buyers and investors, and can build strategic business alliances.
- Unrivaled networking and business matchmaking opportunities with industry professionals
- Can elevate the market position and intensify brand visibility instantly

3rd International Boiler Expo Bangladesh-2024 Reports

Purpose of Visit (Multiple Answers)

- Buy Machinery
- Buy Pump Motor
- Source Accessories
- Get Information

- 24% MILLERS
- 29% GARMENTS & TEXTILES
- 10% NEW ENTREPRENEUR
- 11% INVESTORS
- 11% FOOD MANUFACTURERS
- 15% OTHER

Visitor Profile:

- Engineers/Operators looking for new technology
- Purchase personnel & plant managers from boiler user & manufacturing industry
- Investors/bankers/venture capitalists
- Design engineers/Consultants
- Renewable energy project developers
- Agencies dealing in instrumentation
- R&D Institutions
- Academicians/students
- Regulatory authorities/Policy makers/Urban planning specialists/Utility & energy companies

Don't miss the opportunity to showcase your brand, products, and services as a leader within the industry.

Concurrent With

Participation Charges:-

- Corner Space Shell Scheme: US\$ 380 Per Square Meter + VAT 15 %
- Minimum Space : 9 Square Meters
- Shell Scheme : US\$ 350 Per Square Meter + VAT 15%
- Minimum Space : 9 Square Meters
- Bare Scheme : US\$ 300 Per Square Meter + VAT 15% (Minimum 54 Square Meter)

Package stand (Min. 9 sq.m), including :
 One package stand of 9sqm includes partitions, carpeted floor, single phase socket, fascia with company name, 01 information counter, 02 chair, 01 fluorescent tube, 02 Spot Lights, 01 waste basket.
